SUMMARY

Computer Engineering student with a strong foundation in **Java, Spring Boot, React.js, SQL**, and **Data Structures & Algorithms**, seeking **Software Developer** internship/full-time roles to apply and grow backend and full-stack development skills.

EDUCATION

Bachelor of Technology, Computer Engineering, Dharmsinh Desai University — 2024 – 2028
Current CPI: **9.04/10.00** — *Nadiad, Gujarat*

Class XII, Gujarat Secondary and Higher Secondary Education Board — 2024
Percentile: **94.68** — *Gujarat, India*

EXPERIENCE

Software Developer Intern, AryaStay — Sep 2026 – Present

- Contributing to product development as part of the engineering team — building, testing, and shipping features in a production codebase.
- Working within professional development workflows, including version control, team collaboration, and iterative delivery.

SKILLS

Technical Skills	DSA, OOP, DBMS, OS, Computer Networks, Software Engineering
Languages	**Java**, C++, JavaScript, SQL, HTML5, CSS3
Frameworks/Libraries	**Spring Boot**, Spring Security, Hibernate/JPA, **React.js**, Node.js, Express.js
Databases and Tools	**PostgreSQL**, MySQL, **MongoDB**, Git, GitHub, Postman, Maven, VS code
Core Concepts	**REST APIs**, **JWT Authentication**, Swagger/OpenAPI
Soft Skills	Problem Solving, Team Collaboration, Communication, Leadership

PROJECTS

Smart Fraud Detection API. Developed a secure backend application using Java, Spring Boot, Spring Security, PostgreSQL, **JWT**, and Swagger/OpenAPI to monitor financial transactions and detect suspicious activities. Designed **REST APIs** for transaction processing, fraud alert generation, transaction history, and user management with role-based authentication. Implemented a rule-based fraud detection engine, PostgreSQL/JPA persistence, request validation, centralized exception handling, and complete API documentation using **Swagger/OpenAPI**. *(Completed)*

CampusConnect – Professional Networking Platform for Students. Developing a student networking platform for professional profiles, peer connections, posts, events, and placement opportunities using React.js, Node.js, Express.js, and MongoDB. Built **REST APIs** with **JWT authentication** and role-based authorization, and a responsive **React.js** interface. *(Ongoing)*

LEADERSHIP

Core Organizing Team, Felicific 2026 — 2026
Dharmsinh Desai University — *Nadiad, Gujarat*

- Mentored and coordinated student teams during the university's annual technical and cultural festival.
- Supported event planning, participant coordination, and the successful execution of the **Family Feud** event.

EXTRA-CURRICULAR ACTIVITIES

- Participated in a **college hackathon** as part of a three-member software development team.
- Organized technical and cultural events as a college committee member.
- Regularly practise **Data Structures and Algorithms** to strengthen analytical and problem-solving skills.
